

VARIO FOOD COUNTER

Presenting food as an experience

VARIO FOOD COUNTER

Cold and hot ingredients are optimally presented, individually prepared and quickly replenished from the integrated stock storage. Self-service operation also possible.

When designing the presentation of goods, small details can have a big impact. New, trendy food concepts require a modern, emotional and flexible presentation area.

Hook-in frame for bowl stocking

Highlights

Quick change between service and self-service with **Easy Change**

Flexible presentation of goods thanks to a wide range of interchangeable shelves and accessories

Front finishing turns purchasing into an experience

Efficient working thanks to customised accessories

Optional: **Hot or cold** stock storage

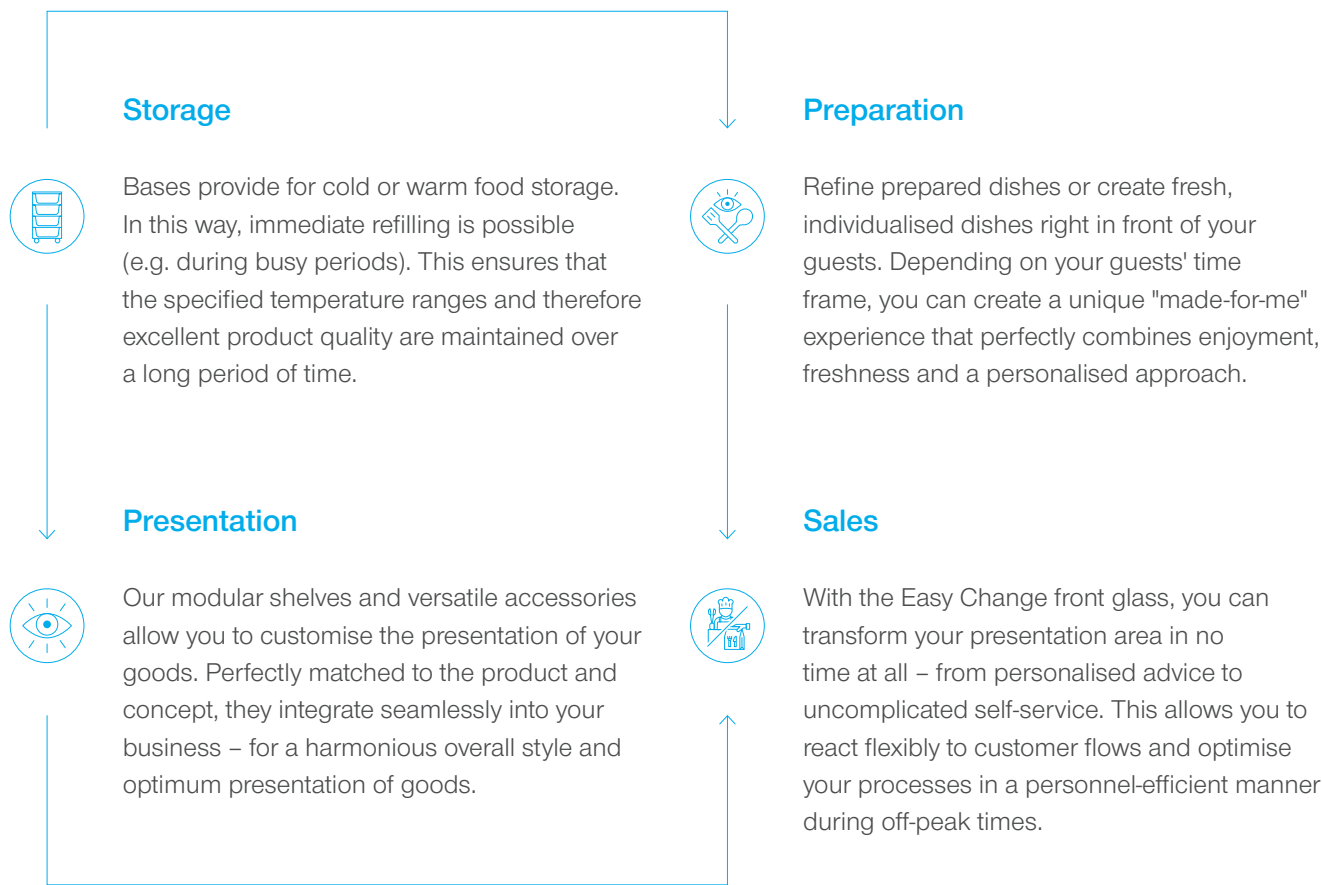

Vario Food Counter Cool

Process

Efficient processes – tailored to your needs

Optional: **Various shelves and accessories** (e.g. hook-in frames for GN containers and bowls as well as steps)

Protection against drying out thanks to increased air flow (temperature class 3M1)

Easy cleaning thanks to **lifting evaporator** (standard for refrigerators)

Optionally with **refrigerated storage option** in the base (with Full Extension Drawer)
